Sabrina you will need to send an email like the one below to Dan Silver of course changing the information for the specific EPA/Site and dollar amount. Below is an email that Steve Way sent to Dan as an example. Dan will than approve this request and then I can request spending authority. Please cc me on the email you send to Dan.

Thanks

Is our preference to request funds transfer and spending authority? I recollect we did that last year.

Sincerely,

**Subject:** 2015 Annual Budget for ASARCO Trust

This message is for project managers of Superfund sites funded in part by the ASARCO Trust. The 2015 Annual Budget (attached) has been approved. One of the provisions of the Budget is that EPA or the USDA may request that the Trust transfer funds to pay for the Environmental Response work. Alternatively, the agencies can periodically bill the Trust for work that has been completed.

If you would like to request a transfer of funds, please send me wire instructions governing the transfer for your site. Note that the Trust Agreement and the Annual Budget require that any agency receiving an advance of funds is required to provide documentation on the spending of those dollars at the end of the year. No 2015 funds will be transferred to a site until it has closed out its 2014 budget documentation.

I will be on vacation the week of March 30. I can respond to your transfer request when I return on April 6.

Dan
